

NEXT AMERICAN NOTE TO BE BRIEF

Officials Give Impression
There Will Be No Further
Argument on Principles

TO GIVE GENERAL POLICY

Lansing Prepares Data and Opin-
ions—President to Return
to Capital This Week

WILSON CONSIDERS REPLY

WASHINGTON, July 12.—Consideration of the German reply to the American note on submarine warfare overshadowed all else today in the work of state department officials.

Secretary Lansing spent most of his time preparing data and opinions for the next communication to be sent to Germany and he indicated that very probably he would not go to Cornish, N. H., but that President Wilson would return here at the end of the week.

Describe Situation as Critical.

The situation was described in official quarters as critical, and there was no concealment of the fact that relations between Germany and the United States had become more strained than at any time in their history.

High officials said the policy of the American government would be carefully worked out, and that in order to meet the situation firmly the utmost deliberation was required. This information was given out in order that a delay of possibly a week or more in preparing an answer might not be misinterpreted as meaning that the United States in any way intended to recede from the position it had taken in the two notes already sent to Berlin.

Much Informal Discussion.

There was much informal discussion among officials of the contents of the German reply. The trend of their opinion was that the evasion of the American argument in the German notes had narrowed the field of negotiation so that the next communication from the United States must state to some extent the intentions of the Washington government in case its rights are further violated, and declare the position it will take with reference to Germany's refusal to disavow the sinking of the Lusitania.

Something much more specific and positive than has yet been said in the notes which the United States has sent since the submarine war zone was declared is now expected.

Note Will Be Brief.

Officials gave the impression that there would be no further argument on the principles involved; that the note would be very brief and state a general policy which the American government intends to follow with respect to violations that already have occurred or shall take place in the war zone.

In German quarters here the situation is not viewed as critical. Count Von Bernstorff, the German ambassador, believes that the way to further negotiations has been opened by the emphasis which Germany in its note placed upon the establishment of the freedom of the seas.

Lansing to Receive Bernstorff.

Secretary Lansing will receive Count Von Bernstorff at the latter's request to discuss the situation in general. It is believed the ambassador will explain informally the German viewpoint and will then be informed by Secretary Lansing of the gravity with which the United States regards the present situation.

Cornish, N. H., July 12.—President Wilson today received from the state department the official text of the latest German note on submarine warfare and immediately began consideration of his reply.

He instructed Secretary Lansing to prepare a memorandum in the diplomatic problems involved, and will not send a rejoinder until he has conferred with the secretary of state.

It became known after the president had read the note that he does not look upon the situation as critical, but that at the same time he is not inclined to underestimate the possibilities of the problem presented to him and is determined firmly to uphold the dignity of the United States. It was said here tonight that there is no present plan for Mr. Lansing to come to Cornish to confer with the president and that the president will not hurry back to Washington. His present plans are to return to the capital at the end of this week or the first of next week. Perhaps he will not have opportunity to take up the situation with his entire cabinet until next week.

Foregoes Automobile Ride.

The German note came to the president by telegraph and he immediately went into his study to consider it, foregoing his usual automobile ride with his family, although the afternoon was beautiful.

GERMANS MAKE GAIN ON WESTERN FRONT

LAUNCH TERRIFIC COUNTER STROKE
AND TAKE SOUCHEZ CEMETERY

French Admit Loss and are Fighting
to Regain Ground Which They
Had Won at Such Heavy Cost—
Italian Attacks Gain in Intensity.

London, July 12.—From what appeared to be a lull on the western front has sprung suddenly some of the most severe fighting in months, with the Germans the aggressors and victors.

Capture Souchez Cemetery.
The Souchez cemetery, seven miles north of Arras and hardly half that distance southwest of Lens, has been wrested from the French after a German gas attack, followed by hand to hand fighting with bomb and bayonet. The French admit this loss and are fighting to regain the ground which they had won at such heavy cost.

Slowly the French had been tightening their grip on the village of Souchez until the Germans, aware that the capture of the entire position would be an important step in the French offensive toward Lens and Lille, launched a terrific counter stroke which left them master of the shattered burial ground with more than 150 prisoners in their hands. Fighting among the houses which fringe the western edge of the town still rages. There also has been a renewal of activity in other areas of France and Belgium, but nothing comparable with the strategic importance of the Souchez struggle. The Germans lay claim to the destruction of the British position on Hill 60, near Ypres, but this finds no confirmation from either French or British sources.

Situation Has Not Reached Crisis.
The situation in Poland and Galicia has not yet reached a crisis; but the public is rather weary of following the complexities of the Russian retreat and so long as Warsaw appears to be in no immediate danger is turning to the west, hazarding guesses as to whether the British and French or the Germans will be the first to take the general offensive.

With the arrival of mid-summer this is a big question for it is felt that one side or the other must strike before long; otherwise another winter of tedious trench warfare is inevitable.

The Italian attacks against Austria seem to be gaining in intensity, but the Vienna official statement admits no loss of ground.

STEAMER IS WRECKED IN LAKE MICHIGAN; CREW BELIEVED LOST

Steamer James H. Reed Discovers
Wreckage—Unable to Find Any
Survivors.

Cleveland, O., July 12.—The Cleveland Steamer Choctaw was wrecked Sunday night in the fog off Presque Isle, Lake Michigan, it is reported here tonight and her crew of sixteen men are believed to have drowned. Word to this effect came to her owners, the Cleveland Cliffs Iron company, from Salt Ste Marie, Mich., where the wreck was reported tonight by the Steamer James H. Reed.

Captain Brown of the Reed told of discovering the wreckage as she passed the island. He stopped his vessel and cruised about but was unable to find any survivors. Oil barrels in the wreckage led him to believe that the Choctaw was in collision with an oil freighter but he could find nothing to identify this boat. He reported that there was little sea running Sunday night but there was a dense fog. The Choctaw and her coal cargo were valued at \$100,000.

REFUSES FURTHER REPRIEVE.

Springfield, Ill., July 12.—A final plea for a reprieve for Frank Retto under sentence to hang Friday, July 16, at Joliet for the murder of Charles Masters, a fellow convict, was made this afternoon before Governor Dunne, who declined to interfere with the sentence. State Senator R. J. Barry, Father Peter, Maurice Lennon appeared in Retto's behalf. State's Attorney Martin of Will county opposed a further reprieve.

In the deep seclusion of the hills nearly half a mile from the nearest road and in the midst of a pine forest, the president sat for several hours reading and re-reading the note. At times he went over different paragraphs again and again.

Several times he left his study and went out on the porch to grapple with some problem which a portion of the note had aroused in his mind.

Nothing was given out to indicate the particulars of the reply he intends to make. That the president will continue his German policy along the lines already mapped out in the previous notes was generally accepted here. It was understood that there is no immediate prospect of a diplomatic break with Germany and that whether there is any future break will largely depend upon Germany herself.

RUSSEL DESIRES EARLY DECISION

Suggests That Munro Re-
file Injunction Bills to
This Term of Court

WILL WAIVE ALL NOTICE

Treasurer Decides Not to Pay
Officers Against Whom Com-
plaint Might Be Well Taken

HAS CONFERENCE WITH LUCEY

SPRINGFIELD, Ill., July 12.—A proposition that the suits filed by Attorney Payette B. Munro of Highland Park, attacking the validity of many of the appropriations made by the forty-ninth general assembly be refiled and a decision secured at this term of court, was made today by State Treasurer Andrew Russell.

Withholds Pay of Some.

In the bills filed by Munro, in which injunctions are asked for, to restrain the state treasurer from paying out the appropriations complained of, one of the principal allegations set forth is that many state officers' salaries are unlawfully provided for in the "omnibus" appropriation bill instead of the regular salary measure. After carefully going over the list with Attorney General Lucey the treasurer decided the officers against whom the complaint of the petitioner might be well taken, will not be paid. All other appropriations which have been held up since the bills were filed last Friday will be paid.

Desires Early Disposition.

In a statement issued tonight, Treasurer Russell says: "I am desirous of having the matter disposed of at the earliest possible moment and will welcome any move by Mr. Munro with that object in view."

This statement was sent to Mr. Munro.

"If Mr. Munro desires to refile his bills," the statement says, "to the present term of the circuit court of Sangamon county, instead of to the September term the state treasurer will waive all notice and consent to an immediate hearing by the circuit court of Sangamon county on such bills."

Confers at Length with Lucey.

Treasurer Russell's statement was issued after a long conference with the attorney general and is based on that official's opinion as to the scope of the bills filed by Munro.

"I regret the necessity," declared the treasurer, "which in the first few hours succeeding the filing of the injunction bills, made it advisable to decline payment on warrants issued on the state treasurer, until I could ascertain the purpose of the bills, but in the future the business of the state will proceed in the regular manner and its warrants will be paid, except in the cases rendered doubtful by reason of the wording of the appropriations or the fact that the appropriations are made in the so-called 'omnibus' bill instead of in some other bill."

Those Whose Status Is in Doubt.
Included in the list of state employees who are held to be state officers, or whose status is in doubt, and who were appropriated for in the "omnibus" instead of the salary bill, are:

Librarian of the supreme court.
Members and secretary of the optometry board.
Secretary of the board of pardons.
Secretary of the dental board.
Secretary of the board of registered nurse examiners and others.

The salaries of the above will be held up pending disposition of the injunction proceedings.

Regarding the above phase of the suits, Treasurer Russell says: "The state treasurer submitted to the attorney general the bills filed attacking the appropriation in the 'omnibus' bill, which alleged that some 300 parties therein named or mentioned are officers of the state government and that their salaries or compensation should not have been provided for in the so-called omnibus bill, but should have been provided for in the bill providing for the salaries of officers of the state government."

Many Are Department Employees.
"After a careful reading of the bill filed by Mr. Munro, attacking the omnibus appropriation, the state treasurer is satisfied that only a few (comparatively speaking) of the parties mentioned in the bill filed by Mr. Munro are being improperly included in the omnibus bill, and that there is a matter of fact and that as to the remainder they are not officers of the state government, but only employees in the different departments and therefore properly in the so-called omnibus bill. The number of such employees necessarily increases year by year and has increased as the business and population of the state have increased from year to year. These employees do not take any oath and give no bond to

War News Summarized

The western front has again sprung into activity. The Germans have bombarded the allied positions in front of Neuport and Lomhaerzyde, have attacked the British at Ypres and have delivered a heavy stroke against the French at Souchez, where, in a desperate night assault, they succeeded in occupying the cemetery, for the possession of which many battles have been fought.

The Germans continue to shell the French positions at Fontenelle and the French trenches in Alsace, north of Munster.

Seemingly the Austro-Germans are resting on the victories they have gained in Galicia and Russian Poland. For the present they have almost entirely ceased their offensive, although news filters in of minor actions in isolated points.

The German cruiser Konigsberg, which last October took refuge in a shallow river in East Africa, has been destroyed by British river monitors, which were sent there for that special purpose.

DR FLINT STATES THAW IS SUFFERING WITH PARANOIA

Alienist Declares Defendant Is Not
and Never Was Suffering From
Maniacal Depressive Insanity.

New York, July 12.—Dr. Austin Flint, an alienist, testifying today at the trial to test the sanity of Harry K. Thaw, gave it as his opinion on direct examination that Thaw was suffering with "paranoia," a constitutional inferiority with a "paranoiac trend."

On cross-examination he said he did not know what "constitutional inferiority" meant, but that he had used the term, which he described as being new, because he thought it applicable.

John B. Stanchfield, chief counsel for Thaw, contended that there had been testimony to show that Thaw lived a normal life in New Hampshire after his escape from Mattawan. Dr. Flint declared that this was not inconsistent with his theory that Thaw was a paranoiac. Answering Judge Hendrick's inquiry how a layman could determine whether Thaw was a paranoiac, the witness thought the layman would have to make his decision between "whose alienist he would believe."

"Has Thaw shown here in court any evidence of paranoia?" Mr. Stanchfield asked.

"I don't think he has," Dr. Flint stated. "Only to me he does not act like a sane man."

Dr. Flint went on to explain that he did not think Thaw ever was a "persecuted paranoiac," but declared he had delusions of persecution. In this disease, he added, the delusions change from year to year. "But there were no indications while he was on the stand in this trial," Mr. Stanchfield asked.

"No indications that would be evident from what he said," the witness replied.

"If you didn't know his history," Judge Hendrick interrupted to ask, "would you think him a paranoiac from the indications he has given here?"

"No," Dr. Flint answered. "Questioned about the testimony of Susan A. Merrill, the witness said he believed a part of it, while there were other parts he did not believe. Dr. Flint denied, in reply to a question by Judge Hendrick, that he believed a part of this testimony in order to make his theory fit."

According to Dr. Flint, Thaw is not and never was suffering from maniacal depressive insanity. The alienist declared if he had been sent to Mattawan for that, he was incarcerated for an ailment he did not possess. He said he did not consider paranoia curable.

Dr. Flint was the only witness today. His examination will be resumed tomorrow.

RYAN IS NAMED COMMISSIONER OF ILLINOIS PENITENTIARY

SPRINGFIELD, Ill., July 12.—Governor Dunne today appointed William Ryan former state treasurer commissioner of the Illinois state penitentiary to succeed R. R. Tilton, who resigned.

Appointments in the free employment office, Chicago, were made as follows:

General Superintendent—Charles J. Boyd, Chicago; department superintendents—Sidney Summerfield; Harry L. Webber; Thomas Rich; Assistant department superintendents—Bartley Gilbride, Esward Pettit, William W. Hartigan.

Clerks—Miss Helen Bennett; Miss Elizabeth Henneberry.

LIFTS IOWA QUARANTINE.

Lincoln, Neb., July 12.—The Nebraska livestock sanitary board lifted the quarantine against the state of Iowa. The board was informed during its meeting that the state of Colorado had raised the quarantine against the state of Nebraska and Iowa. Both quarantines were put into effect at the time of prevalence of the foot and mouth disease.

the state and with the large percentage of them their employment is dependent upon the will of the appointing power and others are controlled by the civil service regulations."

STATES IOWA GANG KILLED FOUR MEN

Des Moines Woman As-
serts Her Father Was
Murdered in 1865

THREE OTHERS ARE SLAIN

Mrs. J. M. Pease Declares
Men Had \$15,000 Between
Them at Time of Murder

GANG SPARES BOY'S LIFE

DES MOINES, Ia., July 12.—At least four other men were killed by the Taylor county outlaws in a few years prior to the killing of Nathaniel Smith, the cattleman, and his son in 1868 in connection with which four aged men are to be brought into court at Bedford, Iowa tomorrow.

According to a statement of Mrs. Margaret J. Pease, a milliner here, this afternoon, her father, William Hedrick, a stock breeder, and three other men, named Collins, Cole and Harmon, were killed by outlaws in the vicinity of Bedford in the fall of 1865. As was later the case with Smith, Hedrick's young son, was with him. The boy was not killed, but was returned to his home at Westboro. He was George Hedrick in later life a locomotive engineer on western roads and last heard from about five years ago in Hawaii.

Mrs. Pease said she was positive there was no connection between the killing of her father and that of Smith, though some of the same outlaws might have had a hand in both crimes.

Mrs. Pease is the wife of a real estate dealer here and was about eight years old when her father was killed.

Three Other Men Meet Death.
According to her story, her father was engaged in the horse breeding business and at the time of his murder he was taking his annual drive of Iowa and Missouri towns. According to the woman's story, three other men, named Collins, Cole and Harmon, also met death at the hands of the gang.

Men Had \$15,000.
"My father had between \$8,000 and \$10,000 on his person," she said. "The other men had considerable money and between the four of them they must have had \$15,000."

"I was eight years old at the time. We lived at Westboro, Mo. My brother, smaller than myself, ran away with my father and the other men and was with them at the time of the murder. It is not true that he was killed. For some reason members of the gang saw fit to spare his life. He returned a few days later, accompanied by a man."

Stranger Brings Boy Home.
"The stranger who brought my brother home wore my father's coat. He led the way through the gate up to the front door."

"When mother answered the knock he held out a belt and said, 'Here's your boy.' The belt contained \$1,000 and a note which read: 'Take this and get out of the country.'"

Mrs. Pease announced her willingness to be of all possible assistance to the state and declared that if any of her father's money has been found she will ask that it be turned over to her.

Asserts Killing Occurred Earlier.

Villisca, Ia., July 12.—W. W. Bulman, special attorney, assisting in the Bedford murder case, declared this afternoon that the murders referred to by Mrs. M. J. Pease of Des Moines were not those known as the Hedrick murders, although they are believed to have been committed by the same gang. He said that Hedrick and his companions were killed at about the same point three years prior to the time Nathaniel Smith and his son were killed. This, he said, was before Jonathan Dark joined the gang.

Cases Almost Parallel.

CLAIRBEND, Iowa, July 12.—Attorney Bulman came here today with Mrs. Maria Collins Porter, the chief witness in the Bedford hearing tomorrow. He declares the cases of William Hedrick, father of Mrs. Pease and Smith are almost parallel. Hedrick was killed by the alleged Taylor county outlaws three years before Smith met his death.

"Hedrick lived at Westboro, Mo.," said Mr. Bulman. "He had a son with him, just as had Smith, and he was a stockman. He had about \$12,000 when he was killed. His son was not killed, however, but was taken away by the gang and given \$20 in a buckskin belt and turned loose. The boy disappeared."

"We are continuing our investigation into the identity of the three men who were murdered and the circumstances of their death."

Attorney Bulman said the hearing would be held in Bedford tomorrow despite reports that heavy rains in that section had made travel difficult and made a delay probable.

JUDGE HILLYER DENIES LAWSON A NEW TRIAL

CONVICTED MINER STILL MAINTAINS
HE HAS BROKEN NO LAW

Jurist Decides There is not Sufficient
Ground for a Re-trial—Ask Writ
Barring Judge Hillyer from Pre-
siding at Trial.

Trinidad, Colo., July 12.—Denied a new trial by Judge Grandby Hillyer in the third district court is which on May 3rd, he was found guilty of the murder in the first degree of John Nimmo, a deputy sheriff during a battle near Ludlow in October, 1913, John R. Lawson, international board member of the United Mine Workers of America, the most prominent of union officials in the conduct of the Colorado strike tonight occupied a cell in the county jail.

Still Maintains Innocence.

Lawson was escorted to the jail by the sheriff and was accompanied by a number of local union officials. "This for me is but the beginning," said Lawson, as he entered the jail. "I maintain I have broken no law and committed no crime, unless it be that I am a coal miner, honored by my fellow workers with their degrees of confident faith, that my devotion will stand even this, the acid test for the maintenance of their principles. My experience may help to awaken others to the living wrongs in our world calling as definitely today as in time past for a remedy."

Review Each Contention.

In denying the motion for a new trial Judge Hillyer reviewed each separate contention of the application and stated at the conclusion of his ruling that in his judgment there was not sufficient ground for a retrial of the case, that the defendant had been given a fair and impartial trial by a jury of twelve men and that it was his unpleasant duty under the law to deny the motion.

Would Bar Judge Hillyer.

Denver, Colo., July 12.—The state supreme court today took under advisement an application of Horace N. Hawkins and A. M. Belcher, attorneys for the United Mine Workers of America for a writ barring Judge Grandby Hillyer of the third judicial district from presiding at the trial of three former coal mine strikers at Walsenburg. The application was opposed by Attorney General Farrar and Assistant Attorney General Norton Montgomery.

The application charged that Judge Hillyer is prejudiced and cannot give a fair and impartial trial asserting that before his appointment the judge was in the employ of the coal operators.

ENDEAVORERS DEMAND UNITY TO PROCURE A SALOONLESS U. S.

Resolutions Are Adopted at Final
Session of Convention in Chicago.

Chicago, July 12.—Resolutions demanding that all church workers unite to procure a saloonless United States of America as well as peace among the belligerent nations of Europe were adopted by the World's Christian Endeavor convention at its final session here tonight. Representatives of foreign countries including delegates from five of the warring world powers, expounded Christianity and world peace from the same platform in the afternoon.

Extension of Christian endeavor work and international and world-wide development were the chief topics of the day. Although no disagreement over the suffrage proposition the resolutions committee decided not to incorporate the suffrage clause in the resolutions. The singing of Jerusalem by a chorus of more than 1,000 voices was a feature of the evening program. Memorial services for deceased members of the board of trustees and field workers and the closing message by acting president Daniel A. Poling concluded the 1915 convention.

CLABBY RESTS FARMER.

Oshkosh, Wis., July 12.—Jimmy Clabby of Hammond, Ind., and Frank Farmer of this city boxed ten rounds here tonight. The local man made a good showing against the ring veteran but newspaper critics awarded the decision to Clabby.

WEATHER FORECAST AND TEMPERATURES.

WASHINGTON, July 12.—Illinois—Partly cloudy Tuesday and Wednesday, with probably local thunderstorms, not much change in temperature.

Temperatures.

The current, maximum and minimum temperatures recorded Monday were:

EDISON TO HEAD INVENTORS' BOARD

Accepts Daniels' Invitation to Advise Proposed
Naval Bureau

LETTER OUTLINES IDEA

Several Men Prominent In In-
ventive Research Are to Be
Associated In the Work

MENTIONS SUBMARINE WAR

WEST ORANGE, N. J., July 12.—Thomas A. Edison has received an invitation from Secretary Daniels to head an advisory board of civilian inventors for a bureau of invention and development to be created in the navy department. His acceptance will go forward at once to Washington, where the new plans await word from the man "who can turn dreams into realities."

Outlines Idea in Letter.

Mr. Daniels' idea of utilizing the inventive genius of Americans in and out of military and naval service to meet conditions of warfare shown in the conflict on land and sea is outlined in a letter written last week asking Mr. Edison whether, as a patriotic service to his country, he would undertake the task of advising the proposed bureau. The plan is to have several men prominent in special lines of inventive research associated in the work.

Mentions Submarine Warfare.

Among the great problems to be laid before the investigators the secretary mentioned submarine warfare, adding that he felt sure that with Mr. Edison's wonderful brain to help them the officers of the navy would be able "to meet this new danger with new devices that will assure peace to our country by their effectiveness."

"One of the imperative needs of the navy," Mr. Daniels said in his letter, "in my judgment, is machinery and facilities for utilizing the natural inventive genius of Americans to meet the new conditions of warfare as shown abroad, and it is my intention, if a practical way can be worked out, as I think it can, to develop ideas and suggestions, either from the service or from civilian inventors, can be referred for determination as to whether they contain practical suggestions for us to take up and perfect."

Plan Still Hazy as to Details.

"I have in mind a general plan of organizing such a department, which is still very hazy as to details but which in a general way meets, so far as the navy is concerned, with your ideas of such a department for the government in general. I want to use such facilities for experimental and investigation work as we have, under the direction of men particularly selected for ability shown in this direction, to whom would be referred all suggestions of new devices sent into the department and who would work out such ideas to a practical point. I feel that our chances of getting the public interested and back of this project will be enormously increased if we can have, at the start, some man whose inventive genius is recognized by the whole world to assist us in consultation from time to time on matters of sufficient importance to bring to his attention."

Will Be Able to Meet New Danger.

"We are confronted with a new and terrible engine of warfare in the submarine, to consider only one of the big things which I have in mind, and I feel sure that, with the practical knowledge of the officers of the navy, with a department composed of the keenest and most inventive minds that we can gather together and with your own wonderful brain to aid us, the United States will be able, as in the past, to meet this new danger with new devices that will assure peace to our country by their effectiveness."

"If you feel that you would be willing to do this, I would like a little later, when my plans are somewhat more matured, to consult with you as to the details of the organization proposed so that

Special Census for a Michigan City.

Through arrangements made by the census department it is now possible for a city or village to have a special census taken any year, under direction of the department but at local expense. Such a census was recently taken for Hamtramck, Michigan. The population June 25 was 21,520. The increase since 1910, when the population was 3,559, has been 594 per cent. The present population comprises 21,242 whites and 278 negroes. The census was taken by local enumerators under the supervision of an official of the Bureau of the Census.

Hamtramck is a suburb of Detroit, lying just to the northeast of that city. Its remarkable growth is due in great measure to the presence of large automobile factories within and near its borders. Nothing could better emphasize the marvelous growth of the automobile industry, and various other Michigan cities are said to have experienced a growth almost as great.

The Rain and the War.

One somewhat popular theory for the continued rains in this part of the country has been the concussions resulting from the conflict in Europe. It used to be the belief of a great many people that a rain was pretty sure to follow a Fourth of July celebration and in the west there have been a number of instances when there have been attempts to bring on rain by a series of explosions of gunpowder. So the theory is that the continued and widespread firing in Europe has not only added largely to the rainfall there, but has also occasioned it here.

A traveler, resident in Mississippi, who is now in Jacksonville brought a report yesterday which tended to explode this theory. He said that in Mississippi and in other southern states the rainfall this year is below normal. Certainly if the wet weather is occasioned by the European war, the result would not be confined to any special section of the country.

French Will Tone Down Holiday.

The French national fête, marking the anniversary of the fall of the Bastille, will be observed with unusual quietness tomorrow. The usual military review at Longchamps, dancing in the streets and public illuminations and fireworks will be omitted. It has been decided by the government that the day will be observed as a holiday, but the outward signs of the day will consist solely of flag decorations and quiet patriotic meetings.

It was 126 years ago that the Bastille, that awful fortress of despotism, of which the name had for ages inspired terror, was invested by a mixed multitude of citizens and soldiers. De Launay, the governor, displayed a flag of truce and demanded a parley. But, abusing the confidence which his signal inspired, he discharged a heavy fire of muskets and cannon on the besiegers. This act of treachery, so far from intimidating the people, inflamed their rage and rendered them desperate. They renewed their attack with frenzy and carried the famous prison by assault. The governor of the Bastille was seized and massacred and his head was carried in triumph through the streets of Paris. The Bastille was razed to the ground and with it the despotism of the French monarchy fell prostrate in the dust.

Early Action Would Help.

The communication sent by State Treasurer Russell to Mr. Munro, who recently filed an injunction suit against the state, makes a proposition which, if accepted, will bring matters speedily to a conclusion. Mr. Munro has not asked for a temporary injunction and the hearing on the suit would therefore not come until September. Mr. Russell's suggestion is that the suit be heard at the present term of court and if this is complied with a great deal of inconvenience will be saved. Various appropriations are attacked in such a way that it will not be safe for the treasurer to honor warrants for the salaries of a large number of persons holding appointive offices. Payment from various other funds must also be suspended and unless the suggestion made by Mr. Russell can be met, a vast amount of inconvenience will be occasioned. Mr. Munro may say that the suit was filed at this time to prevent certain appropriations from being distributed, but that the cases are not ready for trial, but certainly the hearings should be hastened as much as possible.

Edison as an Adviser.

Secretary Daniels has been criticized for various of his actions since becoming the head of the navy department, but his action in asking Thomas Edison to become a member of an advisory committee to aid the navy department will receive general approval. The purpose of securing such a committee is in the belief that the inventive genius of Americans can be made to produce

some means of warfare which will be an improvement over the submarine. It is recognized that the naval strength of this country in the matter of submarines does not compare with European countries and that there would be little hope of rivaling these countries in this regard, even if it was desirable.

Secretary Daniels believes that the inventive minds of Americans turned with patriotic intent to the task, can produce the means whereby the country, with some new and modern equipment, can be placed in a state of preparedness. Edison has often been termed a wizard and certainly his achievements in the electrical world entitle him to that name. With his great mind bent upon the task of perfecting a means of defense for his country, and aided by others with inventive ability, there is reason to believe that the plan of an advisory committee for the naval department may bring excellent results.

Principles and Profits in Soil Improvement.

"In an experiment where no farm manure was used," said Dr. C. G. Hopkins in a recent address, "the average yearly return from the land itself was \$3.75 per acre, while \$7 was the return from a ton of limestone and \$2.65 from 500 pounds of phosphate."

"In order to reduce the labor involved, the limestone and phosphate are actually applied in larger amounts at less frequent intervals, but thus far the rates of application have been 1 ton of limestone and 500 pounds of phosphate per acre for each year, although, after the soil is sufficiently enriched, one-half or one-third these amounts will provide for maintenance."

"The principles of permanent improvement for most soil types are already well established. They include the use of ground limestone for correcting soil acidity and for enrichment in calcium; the utilization of atmospheric phosphorus to most soils and the liberation of potash from the inexhaustible supply already contained in all normal soils. On some soils dolomitic limestone should be used in order to provide both magnesium and calcium, and on certain abnormal soils, such as swamp muck and residual sand, potassium must also be applied."

"The location and character of the various soil types are established by the surveys and analyses and the soil experiment fields help to determine the best order of application of the materials needed."

WOMEN IN THE NEWS.

Seattle—The wives and daughters of the Mystic Mariners who have come to the big convention from many sections of the country are receiving the most unique gifts that their northern hosts could obtain. From Point Barrow, the northernmost point on the North American continent have come Eskimo totems of walrus ivory, knives carved from the same material and beautiful souvenirs from the strange land in the North. The gifts for the Shriners' ladies travelled 3,000 miles, by reindeer, dog-team, stage, coach, railroad and steamboat. The pretty gifts were made by the Nannumene tribe of Eskimos, who are the best skilled in the art of carving ivory.

Manchester, N. H.—A Manchester woman, Mrs. Hannah M. Currier, widow of former Governor Moody Currier, has left a million dollars for art. The Currier Gallery of Art will be established here as a public institution.

St. Louis, Mo.—If Sheriff George A. Bode of St. Louis county springs the trap at the hanging of William Sprouse on July 16th, his wife will leave him. The sheriff must decide between his duty and his wife. The condemned man was sentenced to hang for wife murder but even the circumstance cannot move Mrs. Bode from her determination.

Milwaukee, Wis.—"A girl without a country" is the predicament of Miss Marie Strumer, a pretty German heiress, daughter of a prominent and wealthy administrative officer of Strassburg, Germany. Although wealthy in her own right, and possessing everything that a girl can desire outside of her own country, she wants to go home, but cannot. Her father has forbidden her to try to reach Germany, for her home town is just now the scene of war activity, hospitals and relief stations. The girl was in school in England when the war broke out. It was too late for her to reach home, so she came to America.

Philadelphia—Whether women are to be considered on the same plane as men in the selection of trained educators for high posts in this city will be decided tomorrow at the meeting of the Board of Education. All the women teachers are booming Dr. Lucy Langdon Wilson to be principal for the new Southern High school for girls, but it is known that there is a feeling in the board that only a man will answer the qualifications. Supporters of Dr. Wilson declare today that only prejudice can keep her from election to the new office.

San Francisco—According to Mrs. Philip Snowden, who has come from England to the Peace Conference here, the suffrage movement in England has been "betrayed" by the Pankhursts to the cause of militarism. Christabel, the younger of the Pankhursts, is blamed by Mrs. Snowden, who declares that for a mere promise of future victory for suffrage, the Pankhurst leadership has been won over to the Tory party. Many of the former adherents of the Pankhurst propaganda have deserted them in their new campaign for enlistments.

Berlin—Fran Hedwig Heyl is the most powerful woman in Germany. It is said in government circles,

The Imperial government depends largely upon her suggestions regarding food values, in its supervision of the food supply of the empire. Her recommendations are followed strictly, and she is called upon to analyze and test many foods and substitutes which are offered in the war emergency.

Oakland, Calif.—Mrs. Emma J. Mellette, the Oakland philanthropist has purchased a big ranch here, on which she will furnish care for 1,000 children. She will herself mother the thousand youngsters of all ages and see that they find health and happiness and be fitted for future usefulness.

ARENZVILLE.

A large number of relatives gathered Friday afternoon at 2:30 at the residence of a pioneer, Mrs. Hannah Wood Beard, to pay a last tribute of respect. Her illness was brief and as she was taken ill Sunday eve, but she bore up with a patient resignation. Services were in charge of Rev. W. P. Bowman, pastor of the M. E. church. She died just a year to the day after her husband was buried. The family moved here from the country some years ago and have since resided here. She was greatly beloved by all who knew her. She was a devoted Christian, a loving mother, and patient sufferer. She was the mother of five daughters, four survive, and one preceded her. She leaves one sister, Mrs. Daniel Fischer, Spokane, Wash.; one brother, Elie Wood, of this place; three sisters have died within the past two years. She was 73 years of age. Floral offerings were numerous and beautiful. Interment was in the silent city of the dead near town.

Mr. Whoopy has begun the erection of a fine residence on the Jeff. Houston place.

Mrs. Will Wiley, an aged lady, has been ill for some time.

Miss Lela Bayless of Hopewell, was a guest of W. Green's household today.

Mrs. Henry Zahn visited recently her friend, Mrs. John Becker, at Jacksonville, who is quite sick.

W. L. McCarty and wife, H. Rentschler and wife autored to Mercedia recently.

Will Beard and wife of Virginia attended the funeral of the former's aunt.

Mrs. Long and daughter Miss Mary of Beardstown were here Friday.

Funeral services in memory of Mrs. Ida Streuter, wife of Dr. A. P. Streuter, were conducted at the late residence, Saturday morning. After an illness of three weeks she was taken to St. Louis for a specialist and had two special nurses from St. Louis and everything possible was done which loving hands could devise. She was a member of the M. E. church and her sunny disposition and lovable manners had won her a warm place in the affections of a large circle of friends. Rev. W. P. Bowman of the M. E. church was in charge of the services and paid a fitting tribute to her memory. Though vigorous she had not been in perfect health for some time. Suitable music was furnished by a choir and Mrs. Lambert, intimate friend from Springfield, ably accompanied. Her husband was a constant and devoted attendant during her brief period of suffering. Mother, father, sister and brother were privileged to be present at the time of her passing away. The funeral was largely attended by friends who came to pay tribute of respect to one whom they had learned to esteem. Exquisite flowers were numerous and beautiful, showing high esteem in which Mrs. Streuter was held. A long procession went to Mercedia M. E. church and the body was then taken to its last home in Oakland cemetery. All unite in loving sympathy to those who are so sorely bereaved.

Trust God now in the dark and it will mean something.

It is easy to believe when we see what it all means.

But before the perfect day dawns believe it and it brings the brightest day of our lives, the richest of God's earthly gifts is an accepted sorrow.

Mrs. Clara Long spent the Fourth in Jacksonville.

Mrs. Henry Meyer of Golden is visiting old friends here.

Mrs. Gleana of Springfield is entertained by friends here.

Smith and Kennedy of Jacksonville were transacting business here Friday.

Mr. and Mrs. Charles Long of Colorado were summoned here by the death of the latter's mother.

SUCCESS OF A MEDICINE.

All things succeed which fill a real need; that a doctor is kept busy day and night proves his ability and skill; that Lydia E. Pinkham's Vegetable Compound is sold in enormous quantities in almost every city, town and hamlet in America and in foreign countries as well proves its merit, and women are found everywhere who tell of health restored by its use.—Advertisement.

SOCIAL EVENTS

Birthday Surprise for May Alice Potter.

Mrs. Harry Potter of Goltra Ave., recently entertained about thirty little girls, the occasion being the sixth birthday of her daughter, Mary Alice. Various games were enjoyed during the afternoon, and little Margaret Doller was awarded a prize in the contest. Delicious refreshments were served and the cutting of the beautiful birthday cake afforded much pleasure to the children, after which each little guest was made happy by an appropriate favor. Mary Alice was the recipient of many handsome and useful presents. Those present were: Aileen Loneragan, Elizabeth Crow, Dorothy Cowgur, Anna Mae Duffner, Catherine Doolin, Lucile Coverly, Ethel Walther, Helen Richardson, Mary Gehbert, Mary and Louise Steer, Helen and Frances Wells, Anna and Margaret Doller, Margaret, Frances and Anita Schumm, Mary, Eleanor, Margaret and Gertrude McGinnis, Alma and Eloise Harmon, Pauline Leonard, Virginia Welchman, Louise Shannon, Grace Riley, Virginia Murphy, Louise Montgomery, Mary Alice, Frances and Harry Gregory Potter, all of Jacksonville. Dorothy Eleanor Curtin of Chicago, Grace Daily of Beardstown, Mary Keirl of Peoria, Edna Burns and Edith Flynn of Murrayville.

Miss Anna Colwell was given a surprise party Monday night at her home in Alexander by about twenty boys and girls, members of her Sunday school class in the Methodist 1st church, the occasion being her birthday. Music for the evening was furnished by Misses Eunice Keenan, Ruth Edmonds, Martha Mason, Ruth Cockin and Lena Ewen, and games were also enjoyed. During the evening refreshments were served.

Miss Mildred Wright of Murrayville is entertaining at a house party this week Mrs. Mayne Bridgman of Chapin, Miss Helen Strang of White Hall and Miss Pearl Wild of Manchester. Saturday night she gave a slumber party the following girls being present: Misses Cecile Cunningham, Edna Osborne, Esther Osborne, Florence Short, Blanche McCollom, Jane Wright and Malinda McCarty. Lunch was served at midnight and all enjoyed a very delightful evening.

Entertained Friends at Sunday Dinner.

Mr. and Mrs. Amos McCurley, residing east of Clements gave a dinner to a number of their friends Sunday. The day proved one of great enjoyment to all present. Those who enjoyed the hospitality of the home were Frank Wilson, Irene Oxley, Thomas Butler, Jr., Miss Sadie Ingram, Tress Bleming, Stella McCurley, William Obert and Miss Mabel McCurley.

MATRIMONIAL

Cysne-Suttles.
Mr. and Mrs. S. H. Williams of Anna street have received notice of the marriage of their niece, Miss Beula Suttles, at the home of her parents in Clay City, Clay county. The groom, Mr. Homer Cysne, is a prominent young farmer residing in the vicinity of her home.

COL. HENRY TURNER DEAD.
Chicago, July 12.—Col. Henry L. Turner, Civil and Spanish War veteran, former commander of the first regiment I. N. G., and a pioneer resident, died suddenly this evening at his residence. Apoplexy, from which he had suffered since being struck during the Spanish war was the cause of death.

THE JOHNSTON AGENCY

The Housewife's Soliloquy

"The health of the household depends on me,
And that's why I guard it so jealously.
When I select the meat for pot or pan,
I invariably go to my Butcher Man;
For I know all he sells is perfectly good,
The freshest and best of palatable food;
And the money I save on the meats I buy,
Will show how well I can justify
My claim that it pays to share you see,
Is the Butcher Man's reciprocity."

RURAL LETTER CARRIERS WILL HOLD NEXT CONVENTION HERE

State Meeting in 1916 Will Convene in Jacksonville—Delegates Return From Convention in Olney.

The delegates who went from Jacksonville to the state convention of Rural Letter Carriers developed enough enthusiasm to swing the convention for this city next year. Jacksonville received 77 votes against Clinton's 45. Peoria was not in the running but received ten votes. It is expected that the convention here will be more largely attended than that of Olney on account of the railroad facilities.

Those who went from here were Alfred R. Leake, Jacksonville; Homer L. Lewis, Ashland; George Lemons, Manchester; F. J. Unland, Meredosia.

It has been planned originally that Carl H. Weber, secretary of the Chamber of Commerce, was to go along and make the speech to securing the convention but he was unable to do so on account of the trip to Missouri in the interest of city payings. Mr. Leake filled Mr. Weber's place most acceptably.

FUNERALS

Darr.

Funeral services for the late William H. Darr were held from the residence of his daughter, Mrs. Bernard Guaze, 503 North Church street Monday afternoon at 2:30 o'clock. The Rev. W. W. Theobald, pastor of Brooklyn church, was in charge. There was a large number of relatives and friends who gathered to pay a last tribute of respect to the memory of the deceased. The Rev. Mr. Theobald gave an eloquent discourse in which he called attention to the great promises of the hereafter and also spoke of the high esteem in which the deceased was held by his friends and neighbors.

The deceased was a member of the Switchmen's Union and the bearers were all from St. Louis and were members of the order and men with whom Mr. Darr had been associated. After the funeral sermon the members of the union took charge of the body and the funeral ritual of the order was carried out at the residence and at the grave.

There were many beautiful floral offerings and these were cared for by Mrs. Bessie James, Mrs. Charles Vaughn, Miss Elma Johnson and Miss Melba Anderson.

Music was furnished by a quartet composed of Mr. and Mrs. T. H. Rapp, Miss Clara Ranson and W. W. Gillham.

Interment was in Diamond Grove cemetery and the bearers were: A. P. Sheridan, E. J. Fleming, J. J. Doyle, Ira Hedges, W. C. Satterfield, E. E. Wells, all of St. Louis.

Reynolds.

The funeral of Joseph Reynolds was conducted from the residence of Mrs. Martha Adwell in Waverly, Monday afternoon at 2 o'clock. Rev. F. R. Johnson officiating. Interment was made in the Turner cemetery, four miles west of Waverly and the bearers were Charles Adwell, W. C. Fleming, Cyrus Curtis, James Leach, J. L. McMaon and Robert McAllister.

Mr. Reynolds passed away in Waverly Saturday night. He was born Feb. 20, 1864. He is survived by one brother, who resides in Virden and one sister, Mrs. George McMahon, four miles west of Waverly.

Streuter.

Brief funeral services were conducted Saturday morning at 11:30 o'clock from the family residence in Arenzville for Mrs. A. F. Streuter and more extended services at 3:30 from the M. E. church in Meredosia, in charge of Rev. W. S. Phillips of Cerro Gordo and Rev. Mr. McIntyre of Meredosia.

Music was given by Mrs. Edward Sarsbury, Miss Della Lovekamp, W. B. Woods and Edward Paul. Mrs. Harry Lambert was organist. The flowers were cared for by Mrs. Walter Pfeil, Ms. Henry Zahn, Mrs. W. B. Woods and Mrs. Henry Saxton.

On account of Mrs. Streuter's wide acquaintance there was a large gathering of friends present both at Arenzville and Meredosia to pay tribute to her memory.

Burial was made in the Meredosia cemetery and the bearers were John Tievegt, William Carver, John Weeks, B. F. Graham, Cris Daiman and Albert Heiman.

Beard.

The funeral services of Mrs. Hannah Beard were conducted Friday afternoon at 2:30 o'clock from the family residence in Arenzville. Rev. W. P. Bowman of the M. E. church officiating. Music was given by the Misses Mary and Leta Schafer and the flowers were looked after by Mrs. Myron Heiman, Misses Florence Heiman, Imogene Heiman and Margaret Deavens.

Interment was made in the Arenzville cemetery and the bearers were the following nephews of the deceased: William Beard, Lee Beard, Edward Woods, Bert Woods, Arthur Woods and Edward Yeck.

KILLED BY LIGHTNING.

During the storm early Monday morning lightning struck and killed a mule on Austin King's farm a few miles northeast of Jacksonville. A horse in the same pasture was stunned but not permanently injured.

POSTPONED AUTO TRIP.

Mr. and Mrs. Fred Degen, Mr. and Mrs. James McBride and Mrs. Fred Kumb, contemplated an automobile trip to Michigan and expected to leave Saturday morning. The continued rains have made the roads so bad that they have postponed the trip indefinitely.

DECREE GIVES VILLA MONEY A VALUE OF THIRTY CENTS

Had Dropped to Three Cents—Fix Heavy Penalty for Refusal to Accept Money.

El Paso, Tex., July 12.—By official decree the money issued by Villa was given today a value of thirty cents American money for one peso in the territory under his control. The actual purchasing value of the peso had dropped to three cents. Imprisonment or a heavy fine or both are the penalties fixed by the decree which was signed by Francisco Escudero, for the refusal of any one in Mexico to accept the money at thirty cents, United States currency, or sixty cents Mexican silver.

Just what the military situation south of Aguas Calientes is, is not known here. Agents of both Villa and Carranza claim that Aguas Calientes is in the possession of their forces. The claim of the Carranza agents are unsupported by details but those of Villa's agents are supported by accounts of the fighting south of Aguas Calientes in which they declare General Obregon and Hill are retreating after heavy losses.

ARCHBISHOP QUIGLEY'S BODY TO REACH CHICAGO THIS MORNING

ROCHESTER, N. Y., July 12.—The funeral train bearing the body of Most Rev. James Edward Quigley, Catholic Archbishop of Chicago, left Rochester this afternoon over the New York Central for Chicago where the train is scheduled to arrive tomorrow morning at 7:30 o'clock. The body of the archbishop was placed in an observation car attached to the rear of the train. A delegation of Knights of Columbus accompanied the body to the station as a guard of honor.

More than one hundred clergymen made up the delegation that accompanied the body to Chicago. Bishop Thomas F. Hickey of Rochester and other Rochester priests will remain in Chicago until after the funeral on Thursday.

BRITISH MONITORS WRECK GERMAN CRUISER KONIGSBERG

LONDON, July 12.—The admiralty announces that the German Cruiser Konigsberg which in the fall of last year took refuge from the British fleet in the Rufiji river in German east Africa has been totally wrecked by British river monitors. The British casualties were four men killed and six wounded.

The Konigsberg a vessel of 3,348 tons, had a speed of 23 knots. She was a protected cruiser.

ASBURY.

The Asbury Aid society will have an ice cream social at the home of Mr. and Mrs. Ralph B. Reynolds, Wednesday evening, July 12. All friends are cordially invited.

Mrs. W. W. Theobald will entertain the members of the Asbury Aid society at her home in Jacksonville Thursday afternoon, July 22.

Mrs. Elizabeth Taylor of Nilo, Mo., and Mrs. Henry Scott were Wednesday guests of Mrs. R. W. Megginson.

Miss Eva Baxter of Woodson and Miss Irene Oxley of Durbin spent Saturday with Mrs. George Hem-brough.

Rev. and Mrs. W. W. Theobald and daughters Ora, Effie and Grace and Miss Nellie Priest of Jacksonville, Mrs. Elizabeth Taylor, Mrs. Henry Scott, Mrs. William Craig and daughter Miss Helen, Mrs. Chauncy Carter, Mrs. Clifford Cox, Misses Sarah Reece, Iva Green, Grace Gibson, Alma Hembrough and Nellie and Grace Hembrough attended the social given at the home of Mr. and Mrs. E. R. Hem-brough last Thursday afternoon.

Mr. and Mrs. Charles E. Taylor were Sunday guests of Mr. and Mrs. R. W. Megginson.

Mr. and Mrs. James Hitch and Mr. and Mrs. C. E. Reynolds were guests of Mr. and Mrs. W. E. Reynolds Sunday.

Alpha Megginson of Woodson spent Sunday with his cousin William Megginson.

Misses Effie and Charlotte Green of Chicago are guests at the home of their uncle Austin B. Green and family.

Miss Anella Hembrough and brother Francis, Mrs. G. W. Hem-brough and Mrs. W. C. Carter were Tuesday guests of Mrs. C. L. Hem-brough.

Munyon's Witch-Hazel SOAP

Best for stopping hair from falling out.
Best for shampoo.
Best for complexion.
Best for bath.
Best for curing all facial blemishes and skin eruptions.
Best toilet soap ever made.

If your blood is out of order, take Munyon's Blood Cure. It will drive all impurities from the system and make good, rich, red blood.

If your liver is sluggish and you have a sallow complexion, use Munyon's Liver Cure. These two remedies, taken in alternation, will soon rid the blood and system of all impurities, and give life and vigor to the whole body and when used in conjunction with the soap, makes the skin glow with youthful freshness.

For sale by Gilbert's Pharmacy, 237 West State street, J. A. Obermeyer, Jacksonville, Illinois.

ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach trouble worse and his heart affected.

He took May's Wonderful Remedy. He got his appetite back and gained in strength right away. He wrote:

"I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I am getting stronger and can eat anything that comes along."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your drugstore now and try it on an absolute guarantee—if not satisfactory money will be returned.

Teeth and Their Care

SCHOOL TAX ORDINANCE PRESENTED BEFORE COUNCIL

Need of Re-wiring for Electric System Told by Mr. Vasconcellos—Suit Against City Threatened by Mr. Jones.

A petition signed by L. S. James and Mrs. Sarah James was filed with the city council Monday morning asking that the LaCrosse Lumber company be required to remove certain supplies which are now piled on South Sandy street adjoining their property. The petitioners declare that the piles of lumber constitute a nuisance and unless the council takes action to remove the same that a suit will be entered against the city. Further the petitioners allege that a tile recently constructed from Sandy street to the property of Mrs. Hill had so interfered with the flow of water that damage was being done. Reference was made also to the fact that the previous council had given no relief. The whole was referred to Commissioner Cox to investigate.

Subsequent to the call for order by Mayor Rodgers the minutes of the last meeting were read and approved and on motion of Commissioner Widmayer all properly approved June bills were ordered paid when funds are available. There were a number of informal reports from departments and Mayor Rodgers mentioned that the plan to buy a motor driven chemical apparatus for the fire department had been abandoned for the present because the expense was too great. He mentioned, though, that this sum was not as large as the expense which would be occasioned the city if the petition for a return to the aldermanic form of government is filed. Mr. Cox reported that the excessive rains have caused a great deal of trouble with the sewers as they are not of sufficient size to carry off such a vast amount of surface water. He said that many complaints were being received because of water in cellars of business houses and private residences and that all the relief possible under the circumstances was being given.

Wires in Bad Condition.
Mr. Vasconcellos reported the receipt of the poles for use in the light department and said that nineteen poles borrowed from the light company had been returned. The rainy weather is also occasioning some trouble in the light department especially with wires and it was necessary to have a force working Sunday morning in order to have lights in the fourth ward at night. The commissioner said that investigation had shown that at least ninety per cent of the wire along the streets is in bad condition. This is to be replaced as fast as possible consistent with the city's financial condition. Plans are being made to show where all city lights are placed, the routes the wires run, and also the location of poles, and these plans will be ready about August 1st. The commissioner said that he had received applications for lights on Edgmon, Chambers, Pearl and other streets and that the conditions were being investigated as fast as possible and lights placed where needed. He mentioned further that the water consumption to customers the past month had averaged about 718,500 gallons a day. This does not represent the amount of water pumped because it does not take into account leakage or water used at Jacksonville cemetery, at other city property or at fires. Mr. Widmayer called the lights department's attention to the need of a light on Diamond Court.

School Tax Levy Ordinance.
The tax levy ordinance as presented by the board of education was read and laid over under the rules. This ordinance provides for general taxes in the sum of \$78,000 and \$12,000 for building and repairs. The general fund is divided as follows: Salaries, \$65,000; contingent, \$8,000; fuel, \$1,800; books and apparatus, \$500; interest, \$700; stationery and printing, \$500; insurance, \$500; desks and furniture, \$800. The ordinance creating the local board of improvements consisting of the mayor and all the commissioners was given a second reading and adopted. Mayor Rodgers is president of the board and Commissioner Widmayer is secretary.

MAY TRY AFFIDAVIT MAKERS TODAY.

New York, July 12—Trial is set for today in the United States District court of Gustav Stahl, the principal affidavit-maker who claimed to have seen guns on the ill-fated Lusitania. Stahl was arraigned on June 21 and entered a plea of not guilty to the indictment found by the federal grand jury.

The federal authorities made an extensive inquiry into Stahl's affairs and his connection with the Lusitania affidavits. A conspiracy to defraud the United States was charged on the part of those who obtained the affidavits from Stahl and others. The trial will bring out some interesting details not yet revealed. The original complaint against Stahl was repeated in the federal indictment, which charges that he falsely, corruptly, knowingly, wilfully and feloniously swore before the Grand Jury on June 10th that he boarded the Lusitania on April 30th with a steward named Leach and saw four guns mounted on deck, two forward and two aft. The government will attempt to prove that Stahl never boarded the Lusitania at any time.

WILL VISIT CANTON.

Frank U. Correa has received an invitation from Canton aerie to visit them at a banquet to be held in the near future. Mr. Correa who is state worthy president has written to the Canton aerie to set the date and he will be present. According to the Canton Register the Eagles in that city expect to make Mr. Correa's visit one of the events of the year in Fagledom in Canton.

EUROPEAN WAR NOTES

Geneva, via Paris, July 12.—The Italians are advancing very slowly lately. The task of breaking through the natural Alpine fortresses is more difficult as the Austrians now have been fully reinforced. One of the chief difficulties the Italians are meeting is the destruction of the wire entanglements in the mountain passes by indirect artillery fire. King Victor Emmanuel who is in the danger zone watched the bombardment of Malborghetto longer than an hour. According to an Innsbruck despatch the Germans are concentrating a new army under command of General Ludendorff in the vicinity of Munich. Its destination is said to be Trent.

Paris, July 12.—The following official commission was issued today:

"In the region to the north the enemy bombarded our trenches before Lombardie and Neuport. We replied and silenced two of the enemy's batteries.

"Notwithstanding the activity of the German artillery which has cannonaded with asphyxiating shells our trenches from Carancy to the outskirts of Souchez, a counter-attack has put us again in possession of one part of trench works abandoned yesterday.

"In the region of the Aisne operations with mines continue. We exploded a mine chamber which destroyed the adverse galleries.

"In the Argonne the fighting was very great. In the forest of Le Pretre two attacks were attempted by the Germans in the neighborhood of LaCroix Des Carmes. The first was thrown back with heavy losses by the fire of our artillery and infantry."

Vienna, July 12.—via London—General headquarters issues the following statement:

"Russian theatre: On the Bug river northwest of Busk (Busk lies 32 miles east northeast of Lemberg) our troops yesterday captured a Russian vantage point near Derewlany. On the remainder of the northwest front the situation is unchanged.

"Italian theatre: In the coastal district Italian attacks have been repulsed near Vermigliano, Redipuglia and other points south of the Krn summit.

"Against our positions to the northwest of the Kreuzberg ridge and also against some Tyrolean fortifications the enemy directed his artillery fire. Recent attacks by the enemy against Colonel Dilano, South western theatre: Montenegrins recently showed vigorous but unsuccessful activity on the Herzegovina frontier. Two battalions attacked our positions east of Avtovac after heavy artillery preparations, but were repulsed. One of our airmen at the same time bombarded a Montenegrin camp with success. Further south a hostile battalion which had crossed the frontier was forced back. East of Trebinje enemy vainly attempted to gain success by a heavy bombardment."

SOUTHERN LUMBER MEN MEET IN CHICAGO.

Chicago, July 12.—Manufacturers of yellow pine from all sections of the South are attending a series of important meetings here, beginning today. Today there is a conference between the mill owners and the timber treatment specialists regarding wooden paving blocks, railroad and heavy construction. Tomorrow there will be a meeting of the board of directors of the association, and on Wednesday a mass meeting of the members will be held, when many subjects of importance will be discussed. On Thursday the yellow pine manufacturers will meet in conference with the Board of Governors of the National Lumber Manufacturers' Association to discuss plans for the presentation of the lumber industry before the Federal Trade Commission, which is scheduled to meet here at that time.

PICNIC DATE CHANGED.

The date for the picnic of the A. M. E. Sunday school has been changed from July 15 to August 4. The cause for changing the date was that the fourth of August is the day for the celebration of Lincoln's emancipation proclamation. This event probably will be observed in connection with the picnic. Fred Davis and A. J. Jones have been appointed as committee to arrange for the picnic. The place for holding the event has not been definitely settled. It will be either at Nichols park or the old fair grounds.

ENORMOUS ALASKA COPPER YIELD.

Seattle, Wash., July 12.—The production of copper in Alaska will this year reach the phenomenal figures of from \$20,000,000 to \$25,000,000, it is estimated from the production to date. The value of Alaska's entire output last year was only \$3,365,000. The value of the shipments now runs upwards of two millions a month. The richest copper ore in the world is being worked in the country back of Cordova. The high grade ores of the region run about \$225 to the ton. Many new mines are opening up, inspired by the higher price of the metal. Every copper property in Cordova is running full blast and there is not an idle man in the section. As soon as coal is available, through the building of the government railroad, an immense smelter will be erected at Cordova.

TO TAKE EXAMINATION.

The Misses Clita Andrews, Alice Wales, Della Davis, Ruth Stadler, Gladys Knopf and Emma Bateman will go to Springfield this evening to take the examination Wednesday and Thursday for state registered nurses.

NEW BOOKS AT THE PUBLIC LIBRARY

Description and Travel.
Fitch—An Idyll in Spain. "Notes on a Goya pilgrimage."
Headland—Home Life in China. "A gem of wisdom and kindly tolerance."—Spectator.
Russell, ed—America to Japan.—Gift.

Miscellaneous.
Edwards—Popular Amusements. "The three master forces in the welfare of human beings are work, living conditions and recreation, says Edward A. Ross in his introduction. This book is concerned with the third of these, recreation." "Beard—Woman's Work in Municipalities. "The book is an inspiration as well as a record."
Hawthorne—Lure of the Garden.

Recreation.
Buckrose—Spray on the Window. "The story of picturesque setting in a north of England sea coast town."

Dowd—Doddles. "Emma C. Down in author of the Polly books."
Merwin—Honey Bee.

OPEN GIB FERTILIZER CONVENTIONS.

Hot Springs, Va., July 12.—The 22nd annual convention of the National Fertilizer Association and the 10th annual meeting of the Southern Fertilizer Association, both of which will be held here this week, have brought to Hot Springs many prominent men in the industry. The southern organization held will discuss the fertilizer problems of the day. Gustav Jarecki of Cincinnati, president, is to wield to gavel and deliver an address, and former Governor Myron T. Herrick of Ohio will speak on rural credits.

ORANGEMEN OUT ON PARTY MUSIC.

Toronto, Ont., July 12.—The only change the Toronto Orange order is making in its celebration today is to eliminate party tunes. During the parade the only music played will be hymns and patriotic airs. There has been no thought of following Ulster's example and doing away with the parade, which is a fixture here.

WILL NOT APPEAL TAX LEVY CASES.

Judge W. E. Thomson has received word that there will be no appeals from the decision he gave July 2 relative to the tax levy of the four railroads of the city.

In his finding Judge Thomson in nearly all instances declared against the railroad contentions.

PLANNED FOR AUTO DRIVEN CHEMICAL.

The mention made at the city council session Monday morning by Mayor Rodgers that the city had hoped to purchase an auto driven chemical engine for the fire department but had postponed action on account of the pending election, has brought to notice that one of the most popular types of apparatus of this kind is built on a Ford chassis. Such a machine is put out by the American-La France company and costs about \$1250. There is ample room for the chemicals, hose and other accessories which go with the average horse driven truck, and the Ford chassis was chosen because of its inexpensiveness and reliability.

ARRESTED FOR RIDING ON SIDEWALKS.

Three boys were arrested Sunday for riding on the sidewalks in South Jacksonville. For some time the village of South Jacksonville has had an ordinance prohibiting this practice. It is probable that some of the boys have thought the ordinance would not be enforced. Officer Pike made the arrests and the boys were fined. It is the intention of the authorities to strictly enforce this ordinance and all violators should take warning in the future.

DEPENDENT CHILDREN.

Before Judge Thomson Monday two sisters were found dependent and the older, Mary Fraser, was sent to the state home for girls at Geneva. Maude Fraser, the younger, aged ten years, was placed in the care of her cousin, Clara Thorpe of Bloomington. They are the daughters of Samuel Fraser of this city and the mother has been dead for some time.

SENT TO JAIL.

William Grogan, a local celebrity, for the past twenty-five years was taken before Justice Dyer Monday on the charge of drunkenness. He was sentenced to jail for fifteen days for vagrancy.

Nevoila Konkila was before the same court and also was sent to jail on the charge of vagrancy for a period of thirty days.

ADJUDGED INSANE.

Mrs. Amanda Copple was adjudged insane Monday and committed to the Jacksonville State Hospital. Mrs. Copple is a resident of Springfield and is 86 years of age. She has been in one of the private sanitariums here.

SUIT FOR DIVORCE.

J. O. Priest, as attorney for Mrs. Jennie Baujan, has filed a divorce suit against Earl Baujan. They were married August 19 of last year and lived together until June 15. Continued neglect and cruelty are charged in the bill. Mrs. Baujan's name prior to her marriage was Miss Jennie Freitag.

MARRIED IN CALIFORNIA.

Word has been received announcing the marriage of Miss Jennie Clark and Mr. C. G. Stand Clark, Los Angeles, California. Miss Clark is the daughter of Mr. and Mrs. Mark Clark who formerly lived here but went to Los Angeles several years ago.

LAND O'NOD STORIES

Billy Be By Bo Bum wanted a new pair of hockey skates, but there was only about twenty cents in his bank, and of course that was not nearly enough. Now Billy had set his heart on those skates, and he made up his mind he would earn the money to buy them or know the reason why. But although he put on his thinking cap and thought and thought until his head ached, he could not figure out any way of earning the money.

Then one day while he was playing out in the barn he found an old rat trap, and that gave him a bright idea, he would become a trapper and catch sly old Sharpnose the Mink, for he remembered Tinker Teedle Tee, the merry little elf, had told him the furry foot of Mr. Mink was worth at least five dollars, and five dollars, you know, is more than enough to buy the finest pair of skates a fellow could wish.

So bright and early the next morning Billy Be Bo Bum started out for the White Forest, the trap over his shoulder, and in his pocket the head of a chicken for bait. For nearly a mile he trudged through the big woods, scanning the snow for tracks of the Little People, but nary a track did he see. And then, as he reached the bank of the Dried-Up Creek, he spied the double row of neat little footmarks that Tinker Teedle Tee had told him were made by Sharpnose the Mink.

Billy followed the tracks until he came to a hollow log, and here he decided to set his trap. So he placed the chicken head inside and put the trap in the opening, right where Mr. Mink would have to step in it to reach the bait. But the trap was in plain sight, and Billy knew Sharpnose would never come near the trap if he so much as suspected there was a trap anywhere around. So Billy brushed some snow over the trap to hide it, but he forgot that a trap is a mighty dangerous thing for he touched the trigger and snap, the cruel jaw caught him by the hand and held him fast.

Well sir, you can just imagine how that hurt, and although Billy was a brave little fellow, he could not keep the tears from his eyes. And the worst of it was that although he tugged and pulled with all his might, he could not get his hand free, the jaws held him fast with the grip of a bulldog. Billy tried to press down the spring, but it was too stiff for him to bend with one hand.

"I'll have to go home with the trap on my hand and get Father to take it off," he said, but he could not even do that, for he had fastened

the chain to the log with a big staple. Then how awfully fastened, for he knew he would have to stay in the woods until someone found him. So you could hardly blame him for sitting down in the snow and crying as though his heart would break.

"Goodness me, Billy Boy, what is the matter, shouted a cheery little voice, and there on Billy's knee stood Tinker Teedle Tee.

"Oh Tinker I'm caught in a trap I set to catch Sharpnose," sobbed Billy. "I've tried and tried, but I can't get loose, and now I will have to stay out here in the cold all night and maybe Father will never find me."

"Oh, it isn't as bad as all that," replied Tinker. "I guess I can figure out a way to set you free," and the jolly old rascal nodded his head so hard the weeny copper kettle that served his for a hat bounded up and down at a great rate.

"Have you tried to bend down the spring?" asked Tinker after he had looked the trap all over.

"It's too stiff for me to bend with one hand," replied Billy.

"Well, then have you tried to press it down with your foot by standing on it?"

"I never thought of that," replied Billy, and without wasting any more time he followed Tinker's advice. As soon as he stepped on the spring, the jaws flew open and he was free.

"Oh Tinker, you don't know how that hurt," said Billy, feeling of his fingers to make sure no bones were broken.

"Did it really hurt so much or were you just frightened?"

"Of course I was frightened, but I'm not worse than a tooth ache."

"Then how do you suppose Sharpnose would have felt if those cruel jaws had gripped his leg instead of your hand?" asked the elf.

"Why, I—I guess it would have hurt him too," faltered Billy.

"It sure would," declared Tinker. "And then, when he found he could not get free for all his struggling and sank down exhausted in the snow, just imagine how his little heart would thump with fear and despair, for Mr. Mink knows that when he gets caught in a trap there is no hope for him. No Father or big Brother will come out to find him. He must stay there in the snow until he dies of cold and hunger, or the trapper comes and kills him with a club."

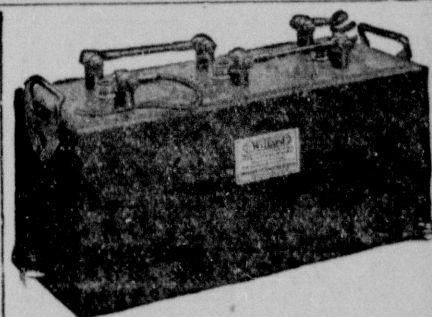

"I never thought of that," replied Billy. "And Tinker, I guess won't set any more traps, now that I know how it hurts."

WINE GROWERS AT FRISCO.

San Francisco, July 12.—Eastern, Middle Western and foreign delegates to the International Viticultural Congress reached this city today after inspecting the grape-growing sections of the state. Several thousand vineyard men were present when the Congress opened today. A special exhibit has been arranged, to show all phases of the wonderful development of the wine industry in the United States. It was the spirit of the Congress that the fermented juice of the grape should be the universal table drink. On Wednesday, the exposition will celebrate "Wine Day", in honor of the visitors. Wines of all the world will be served at the various national pavilions and state buildings and unique exercises will be held at the "Grape Temple".

EAGLES BANQUET.

The banquet to be given by the local Eagles in honor of Frank U. Correa, state worthy president and Fred W. Doherty, secretary of the local Aerie on Wednesday evening promises to be a big event. The committee in charge has all plans completed for the occasion. It is expected that John Fuenbier and other state officers will be present. It also is expected that past worthy president McCabe and number of Springfield Eagles will be with the local aerie on Wednesday evening.

We carry full line of repairs for all kinds of batteries, and are prepared to repair and charge all makes. Satisfaction guaranteed.

SUPERBAS MAKE IT FOUR STRAIGHT FROM CUBS

TAKE FINAL OF SERIES BY THE SCORE OF 3 TO 2.

Smith Keeps Hits Well Scattered—Victory Makes Eighth Consecutive Win for Brooklyn.

Brooklyn, July 12.—The speeding Superbas made it four straight from the Chicago and their eighth consecutive victory by winning today's game.

Smith kept the hits well scattered. Wheat's error let in Chicago's first run in the fourth inning. Score: Chicago, AB. R. H. P. A. E.

business matters.

NATIONAL LEAGUE CLUBS ADOPT PLAYER LIMIT

ACTION IS TAKEN AT SPECIAL MEETING.

Each Club Is Limited to Twenty-one Players, Including Those Under Suspension—Braves' New Grounds to Be Ready in August.

New York, July 12.—At a special meeting of the National league called by President Tener at the league's headquarters here today, the rule making the player limit 21 for each club, which remained in abeyance since it was proposed last December, was unanimously adopted. All the club presidents were present.

No player under suspension will be included in the list of "disabled players" for whom other players can be substituted, but the rule has been sufficiently elastic to enable a club not to be crippled in playing strength through any of its team members being injured or rendered useless from a playing standard through illness.

A suspended player must be counted in the twenty-one limit and the only recourse for a club in such a case is to appeal to the National commission for his reinstatement. The case of Catcher Larry McLean of the New York Nationals was discussed in connection with this rule.

President Dreyfuss of Pittsburgh brought to the attention of the meeting his claim on the services of Pitcher George Sisler, formerly of the University of Michigan, and now playing with the St. Louis Americans. It was the sense of those present, however, that as the Pittsburgh club's case was in the hands of the national commission, no action could be taken.

President Gaffney announced that the new Boston grounds would be ready for the inaugural game during the latter part of August.

ROWLAND'S COURTESY COSTS SOX A GAME

PERMITS WILLIAMS TO FINISH GANDIL'S TURN AT BAT.

Gandil Is Allowed to Resume Play and Drives in Winning Run With a Double in the Fifth Inning.

Chicago, July 12.—Manager Rowland's courtesy cost Chicago today's game with Washington. In the third inning Gandil wrenched his ankle and Rowland permitted Williams to finish Gandil's turn at bat and then allowed Gandil to resume play. In the fifth inning Gandil made a double which sent the winning run across the plate.

Boston, 15; Detroit, 12.

Detroit, July 12.—Boston defeat-

ed Detroit 15 to 12 today in a mis-

erably played, see-sawed ten in-

ning game. The Red Sox earned less than

half their runs, the Tigers' eight er-

rors being costly. Kavanaugh was the

chief offender with three fumbles

and a wild throw.

KNIGHTS OF KIORASSEN.
PITCH TENTS.
Asbury Park, N. J., July 12—The Knights of Kioras, 12,000 strong, from all sections of the country, have pitched their tents here for the Imperial Palace session. The Kioras Knights are a military and dramatic organization of the Knights of Pythias, and many leaders of the Pythian order have come to the session. The features of the convention will be drills by uniformed companies for prizes amounting to \$6,000. The opening of the big convention today was a scene of splendor. Mayor Clarence E. F. Kretschke welcomed the visitors and Grand Chancellor J. G. Baird of North Carolina responded. The Imperial Palace session will continue until Saturday.

WORLD'S MARKET NEWS

WHEAT UNDERGOES BEARISH REACTION AFTER EARLY ADVANCE

Depression Seems Mainly Due to the Smallness of the Visible Supply

Chicago, July 12.—After making considerable advance today the wheat market underwent a bearish reaction that appeared mainly due to the smallness of the visible supply. Quotations closed unsettled, 1/2c off to 1/2c up, compared with Saturday night. Corn finished at 1/2c decline to 1/2c advance; oats down 1/4c to 1/2c, and provisions with losses of 25c to 30c. Discount agreement on the part of wheat bulls became manifest when the domestic visible supply total showed a falling off of only 762,000 bushels, as against 2,246,000 bushels last week. The pessimistic feeling was emphasized by the fact that although a break in values permitted the transaction of some export business, the amount done was not large. Furthermore, a majority of traders late in the session seemed to swing around to a belief that augmented arrivals of new wheat would soon be on hand in Chicago, as well as at St. Louis and Kansas City. A 1/2c to 10c fall in cash premiums at Kansas City was noticeably influential in the selling that accompanied the sag to the low point here.

Unfavorable harvest of the Missouri river had much to do with the early advance in the price of wheat. Bullish sentiment was also temporarily aroused by Liverpool dispatches that supplies to Europe did not meet requirements and that the amount of wheat on ocean passage had been reduced more than 5,000,000 bushels. In the corn market, wet weather and the lightness of stocks and of country offers tended to suppress bearish attacks so far as the July option was concerned. The deferred months, however, were clearly affected by the wheat weakness. Oats were governed chiefly by the action of other grain. Crop reports taken as a whole were against the bulls.

LITTLE INDIAN

Mrs. H. F. Caldwell of Chillicothe, Ill., is here for a visit with her friend, Mrs. Chas. Stevenson.

J. W. Linkins of Springfield called on C. W. James Thursday.

Mrs. M. L. Painter was a shopper in Virginia Wednesday.

Mrs. Chas. Stevenson and her guest, Mrs. H. F. Caldwell, of Chillicothe, Mrs. C. W. James, Mrs. Orlando Virgin and two children were shopping in Jacksonville Thursday.

Mrs. Abram Litter spent a few days last week with relatives in Jacksonville.

Mr. and Mrs. Albert Winkle of Jacksonville visited their son, J. H. S. Stevenson and family several days last week.

Mr. and Mrs. R. R. Stevenson of Jacksonville visited their son, J. H. S. Stevenson and family several days last week.

Alfred Peterson of Jacksonville spent Sunday with relatives here.

Mr. and Mrs. Carl Hagland, who were recently married in Chicago, visited at the home of Mr. and Mrs. John Asplund last week. Mrs. Hagland before her marriage was Miss Signa Orne and is well known here.

Mr. and Mrs. Verne Johnson of Jacksonville were Sunday guests of Mrs. Johnson's sister, Mrs. Earl Peterson.

J. C. Coons of Virginia was a visitor at the home of Chas. Stevenson Sunday.

Rev. Mr. Pomp of Princeton conducted services at the Swedish church Sunday. There was a large audience present.

Mr. Linker of Ilmira, Ill., is a guest at the home of his daughter, Mrs. George Carls.

Woman's World

General in Chief of the Suffrage
Forces of the Keystone State.

MRS. FRANK M. ROESSING.

Mrs. Frank M. Roessing, president of the Pennsylvania Woman Suffrage association, is a new type of suffrage leader. As general in chief of the suffrage forces of the Keystone State she is conducting a campaign for the ballot, which, because of the dignity and common sense that characterize it, has gained the respect and admiration of the entire country.

Sensational stunts that have nothing but their sensationalism to commend them have no place in the Pennsylvania suffrage campaign. Although still in the early thirties, Mrs. Roessing has achieved distinction as both a civic worker and philanthropist, as well as leader of the state suffrage forces. Moreover, her civic and sociological work has always been along constructive lines, with the betterment of evil conditions as the goal to be achieved.

Through the women's clubs of her home city, Pittsburgh, she worked for years to secure better living conditions for women and children. As secretary of the Twentieth Century club and as treasurer of the Playground association she made an enviable reputation both as an executive and financier.

Mrs. Roessing's interest in suffrage came as a development of her active experiences as a civic worker, for she learned early the difficulties of attempting to better conditions for women and children through "indirect influence." She found, she says, that without the ballot even the most earnest workers were handicapped. Therefore she determined to secure the power which it represented for the women who need it most, in her opinion—the women of the factory and mill.

Her success in this task is shown by the growth of interest in the suffrage question in Pennsylvania during the past few years. This year through her generalship the question goes directly to the voters for the first time.

Powerful interests are fighting the Pennsylvania suffragists, but Mrs. Roessing does not fear the outcome.

"We will win," she said recently, "because the majority of men in the state believe in fair play. And that is what the question of suffrage finally resolves itself into—just fair play."

F. J. Leichter who has been visiting with his parents in the city has gone to Hastings, Neb., to visit with his sister. He will make a trip through the west before returning to his home in Kentucky.

EAGLES WON SIGNAL VICTORY FROM PEKIN IN SUNDAY'S GAME

Twelve Innings Necessary to Decide
Contest—Wheeler Single Brought
In the Winning Run—Pitchers in
Fine Form.

Wheeler's single with two down in the twelfth brought Stewart over with the winning run in the game between the Eagles and Pekin at Nichols park Sunday afternoon. Both teams struggled with might and main for over two hours before a decision was reached. In addition to this several minutes were wasted arguing over a decision by Umpire Abell in the visitors' half of the twelfth. Lowman hit to left field for two bases in this period and the ball was played back to Stewart at first and Lowman was declared out for not touching the bag.

It was an ideal afternoon for baseball and the crowd did some real rooting and incidentally some sweating, for it was surely a hot afternoon. It looked for a time as though Schroeder was going to repeat the dose of whitewash he handed the Eagle three weeks ago. For seven innings he kept them at bay while his team mates had gathered in two tallies. These tallies looked as big as a mountain to the locals and the spectators. As on previous visits Schroeder did not seem to have anything but his glove. Yet this was enough. All the Eagle batsmen could do was pop the ball up in the air. Two line singles was the sum total of their damage until the eighth. Then they got busy and with the aid of some bone head work on the part of the visitors they got two runs over and tied the score.

In the seventh inning Schroeder retired the side on three pitched balls. While Schroeder was doing this White also was pitching some game. He was a trifle wild however and hit four men and walked two. None of these scored but it seemed to make his support rather wobbly at times and the errors made were costly.

In addition to pitching a great game Schroeder fielded his position in great style and made three of the visitors' hits. Dwyer at second played a great game for Pekin. He did never in left and Calahan back of the plate.

For the locals everybody played ball. The bright particular star was McCollister. Mac made two errors but he grabbed a line drive off of H. White in the eighth while playing first that was a beauty. He then went out into right field and in the tenth made a great running catch of a foul fly from Nichols' bat and Denny, Wheeler and DeFrates played errorless ball on the infield. It surely was a great game and everybody went home tired but happy.

How the Runs Were Made.

Pekin was the first to score. The first run came in the fourth. Grant was safe on McCollister's fumble and took second on Calahan's sacrifice. DeFrates to McCollister. Nelvor hit to Wheeler. Dick got the ball all right but lost his footing in the soft going and the blow went for a safety. Grant taking third. Ryan laid down a sacrifice sending Nelvor to second. H. White came through with a single and Grant came over. Nelvor tried to get home when C. White let a thrown ball from Clark get away from him but DeFrates got the ball and nabbed him at the plate.

Their last run came in the next inning. Dwyer with one down was safe when McCollister dropped DeFrates throw. Lowman fouled to Clark. Schroeder hit one a mile to center and Dwyer scored. Grant was out Denny to McCollister.

Schroeder held the locals safe until the eighth. Then they tied the score. Denny first up singled. Wheeler flied to Nelvor. Denny stole second with DeFrates at the bat. Happy was hit by a pitched ball. Clark struck out and Denny and DeFrates worked a double steal on the third strike. Christopher hit a short fly into right center. Dwyer, Albrecht and Lowman all started after it. They all changed their minds at the same time and the ball fell safe and Denny and DeFrates came over. Woodman ended the inning by flying to Nelvor.

Both teams then went along until the twelfth without getting another run across. Stewart was first up in the twelfth. He laid down a bunt and beat it out. C. White sacrificed him to second. He took third on Denny's fly to Lowman. Wheeler then lined a hit to right center and Stewart scored the winning run.

The score:
Jacksonville: AB. R. H. P. A. E.
Denny, 2b . . . 5 1 2 1 4 0
Wheeler, ss . . . 5 0 1 4 1 0

FUNERAL SERVICES WERE HELD FOR MRS. LEE VIOLETT

Large Number of Friends Gather at Christian Church to Pay Tribute of Respect—Winchester Notes.

There was a large gathering of friends at the Christian church in Winchester Sunday afternoon at 2:30 o'clock to pay a last tribute of respect to the memory of Mrs. Lee Violet. The service was conducted by Rev. E. G. Prewitt. Music was furnished by Misses Addie Eddings, Maggie Crabtree and Winnie Crabtree. The beautiful flowers were cared for by Misses Leola Riggs, Ada Lankford, George Owings and Newton Gillham.

Burial was made in the Winchester cemetery and the bearers were John Lashmet, Joseph Montgomery, Harry Montgomery, J. C. Neat and Karl Miller.

The infant daughter of Mr. and Mrs. Charles Carlton was buried here Sunday afternoon, the services being conducted by Rev. Mr. Caseley of the M. E. church.

Earl Nelson, who was taken very sick Monday morning, was reported better last night. He is one of the rural route mail carrier from Winchester.

WIRELESS MESSAGE FROM CAPTAIN RELIEVES FEARS FOR STEAMER

Anonymous Letter to New Orleans Anonymous Letter to New Orleans Paper States Bombs Had Been Placed Aboard Baron Napier.

New Orleans, La., July 12.—Fears for the safety of the British steamer Baron Napier on which an unidentified letter written to a local newspaper intimated that bombs had been placed before she sailed from here were relieved today by a wireless despatch from the vessel's captain. No word had been received from the British steamer Howth Head which was included in the letter writer's bomb warning. The Howth Head had no wireless apparatus to receive the message, dispatched Sunday night from the radio towers at Arlington, Va., advising search of the ship for bombs, but it was believed that she might have been hailed by some coast vessel which picked up the warning. The Howth Head sailed July 9th, for Dublin and Belfast, via Norfolk with a general cargo. She probably will reach Norfolk tomorrow. The Baron Napier carries mules for the British army and sailed direct for Avonmouth.

UNPRECEDENTED FLOODS RESULT IN LOSS OF NAVY LIVES IN CHINA

Consul General at Canton Reports Great Distress in the Interior of Kwangtung and Kwangsi.

Washington, July 12.—Loss of many lives as the result of unprecedented floods in the provinces of Kwangtung and Kwangsi, China was announced today in a despatch to the state department from Consul General Cheshire at Canton. The consul general's message said: "Unprecedented floods. Great distress among the Chinese in the interior of Kwangtung and Kwangsi. Many lives lost. Shameen flooded two or three feet. There is a total cessation of trade and railroad traffic. Contributions to suffering humanity urgently needed at once. Kindly inform the Red Cross and the Christian Herald." Shameen is an island in Canton harbor on which foreign concessions are located.

AMERICAN MANUFACTURERS SEEK TO UTILIZE SWISS DYE WORKS

Washington, July 12.—Negotiations were begun today through the trade advisors in the state department and the bureau of foreign and domestic commerce for co-operation between dye manufacturers of the United States and Switzerland to meet the serious scarcity of dyestuffs resulting from the cutting off of German coal tar dyes.

American manufacturers seek to utilize the Swiss dye works pending the development of the industry in the United States. The Swiss plants here have received from Germany supplies of so-called "intermediate" coal tar products to be converted into the finished dyes. Germany now threatens to cut off this supply on the ground that the finished products are being exported by Switzerland to France and England.

The new American dyestuff industry fostered by the department of commerce since the beginning of the European war, is now in a position to furnish substantial quantities of "intermediates" and the plan is to have this product shipped to Switzerland for the finishing process.

HOME MISSIONARY MEETING. The Woman's Home (Missionary) society of Centenary church will meet with Mrs. Lucretia Brown of East State street Friday afternoon instead of with Mrs. G. W. Flagg, as previously announced.

J. H. PEAK IS ILL. J. H. Peak, the well known breeder of fine horses, is reported very ill at his home near Winchester. He is the grandfather of Mrs. George Wheeler of Sinclair and Walter and George Wheeler went to Winchester Monday to see him.

BIG CARGO FOR ITALY. Boston, July 12.—The Italian steamer Verona will leave here today for Italian ports with a big cargo of supplies for the army, and with a large number of reservists gathered here from all sections of the United States.

CITIZENS HEAR ABOUT TARVIA

SOUTH MAIN STREET PROPERTY OWNERS MEET.

Reports Are Heard From Inspection Committee Who Made Trip to Missouri Towns—Engineer Henderson Gives Estimates.

An important meeting of property owners of South Main street was held Monday evening at the Jacksonville state hospital, there being present a good representation of those owning land along the street. Carl H. Weber acted as chairman of the meeting and addresses were made by Mayor H. J. Rodgers, C. W. Boston, F. M. Morton, E. M. Henderson, and T. H. Buckthorpe. They gave a very comprehensive account of their trip to Missouri towns to inspect the various pavements. All agreed in the main that the tarvia pavement was the best they had seen. Mr. Boston went into details of the advantages and disadvantages of materials used as viewed on the visit.

As has previously been mentioned the state has appropriated \$8,950 for the pavement of South Main street along the hospital grounds. This appropriation which was made a year ago will become void October 1, 1915.

It was the sense of the meeting that the street should be paved with tarvia at present time from Morton to Michigan avenue, in order to take advantage of the state help. A petition was presented by Secretary Weber of property owners between the avenues named and several signed it. It will be presented at once to others that action can be taken at once.

On the street car track will be laid an especially prepared brick and 18 inches on either side of the track. W. B. Miser expects to have an Illinois Traction expert here today to go over the paving proposition. The stretch of pavement under consideration now there will not be so much excavation necessary as is the case near the square.

Engineer Henderson presented the following estimation of brick, asphalt and tarvia for the pavement from Morton to Michigan avenue.

With Brick.	
8800 sq. yds. Brick in place @ \$1.00 per sq. yd.	\$8,800.00
8800 sq. yds. Concrete Foundation @ 70c per sq. yd.	6,160.00
8800 sq. yds. Pitch Filler @ 17c per sq. yd. ...	1,496.00
2900 cu. yds. Excavating & shaping sub-base @ 30c per cu. yd.	870.00
176 cu. yds. Sand Cushion @ \$1.50 per cu. yd. ...	264.00
1 Brick Catch Basin with cast iron top @ \$25 ...	25.00
1 Cast Iron Inlet, \$14.50 ...	14.50
Court costs and other, estimate per cent @ 6 per cent	1,000.50
Total	\$18,630.06
Estimate cost per ft.	\$2.64 (364)
With Asphalt.	
8800 sq. yds. Sheet Asphalt in place @ \$1.30 @ 8800 sq. yds. Concrete Foundation @ 70c ...	11,440.00
8800 sq. yds. Concrete Foundation @ 70c ...	6,160.00
2900 cu. yds. excavating @ 30c ...	870.00
1 Brick Catch Basin with cast iron top @ \$25 ...	25.00
1 Cast Iron Inlet, \$14.50 ...	14.50
Court costs and other expenses @ 6 percent ..	1,120.00
Total	\$19,629.50
Estimate cost per ft.	\$3.84
With Tarvia.	
8800 sq. yds. Wearing Surface complete @ 90c per sq. yd.	7,920.00
1 Brick Catch Basin with cast iron top @ \$25 ...	25.00
1 Cast Iron Inlet, \$14.50 ...	14.50
Court costs and other expenses @ 6 percent	478.00
Total	\$8,437.50
Estimate per ft.	\$1.67

GIVE ROUMANIA A MONTH TO DECIDE.

London, July 13.—Roumania has been given a month with which to accept or reject an offer of territorial compensation for her active military assistance or neutrality according to the Times' Balkan correspondent in a despatch dated at Sofia last Saturday.

TO FOLLOW LEAD OF U. S. Washington, July 12.—Great Britain intends to follow the lead of the United States in the matter of recognizing a government in Mexico. This was explained to Miguel Lombardo, minister of foreign affairs in the Villa faction, in a conference today with Sir Cecil Spring-Rice the British ambassador.

PROBATE COURT. In the estate of Mrs. S. E. F. Barnes, letters testamentary were ordered to issue to John Goddell. In the estate of J. B. Williamson, letters of administration were ordered to issue to A. B. Williamson and bond fixed at \$1500.

COL. BLETHEN DIES. Seattle, Wn., July 12.—Col. Allen Blethen for nearly twenty years editor and publisher of the Seattle Times and one of the best known journalistic figures in the Pacific northwest died at his home here late today. He was 69 years old. Colonel Blethen had been in poor health for several months and was confined to his bed for more than two months. His death had been expected hourly for the last week.

PICNIC DATES ANNOUNCED.

Already the various churches and other organizations are beginning to announce the dates for their annual chicken fry, burgeois, fish fry and watermelon picnics. These events are looked forward to with no little interest by the people of Jacksonville and vicinity, who patronize them in large numbers. While the season has been somewhat rainy, one good weather prophet has said "that it can not always be so" and there is every reason to feel that the gatherings will be as large and as successful this year as those of the past. The picnics already announced follows:

July 29 (Thursday): Murrayville M. E. church fish fry.
August 4 (Wednesday): Nortonville Burgeois.
August 5 (Thursday): Woodson Presbyterian church chicken fry.
August 11 (Wednesday): Sacred Heart church, Franklin, picnic.
August 12 (Thursday): Chicken fry and burgeois, Woodson Christian church.
August 12 (Thursday): Annual Baptist church picnic of Murrayville.
August 18, 19, 20: Franklin Home Coming.
Aug. 26 (Thursday) Berea church annual chicken fry.
August 26 (Thursday): Annual picnic, Exeter Christian church in Knoepf's Grove.

CARPENTERS RETURN TO WORK.

Chicago, July 12.—Ten thousand carpenters who had been on strike since May 1st returned to work today and labor leaders asserted that the remaining 6,000 strikers would be at work by Wednesday. In addition to the return to work of the striking carpenters it was estimated that 50,000 men engaged in other building lines affected by the carpenters' strike participated in the return to labor.

TARVIA REPORTED SATISFACTORY FOR RE-TOPPING PAVEMENTS

Mayor Rodgers Made This Report at Council Session Monday—Material Is Applied Hot on Crushed Rock Foundation.

Subsequent to the council meeting an informal session of the board of local improvements was held, when Mayor Rodgers told of the recent visit of Jacksonville citizens to Springfield, Mo. The trip was made especially for the purpose of inspecting worn out pavements which had been re-topped with tarvia, and Mayor Rodgers said that if the residents of South Main street decided upon tarvia that they believed this material would be very satisfactory. He said that on the streets in Springfield, Mo., and in St. Louis inspected by the committee that tarvia had given satisfactory wear. The street in Springfield now being re-topped is not in as bad condition as West State street and the expense here would be somewhat greater than there because of the extra amount of material made necessary by the deep depressions in the local pavement.

In re-topping work with tarvia the indentations are filled with concrete to bring them up to the average level of the paving and the whole surface is covered with crushed rock to an average depth of three inches. A heavy roller is then used, which compresses the rock to a thickness of about two and one-half inches. The tarvia is spread upon this surface, about two gallons to the square yard being necessary. It is applied hot and a spray is used. The tank with heater attached holds about 600 gallons. After this first coat of tarvia has been applied a coating of about one inch of crushed rock is spread on, of a size smaller than that used for the first layer of the foundation. This has the result of filling in all the crevices of the first layer of the foundation, and the tarvia which has been poured on serves as a binder. On the surface of the smaller crushed rock a second application of hot tarvia is applied about one-half gallon to the square yard being used this time. Then the whole surface is spread over to the depth of about one-half inch with chert or small crushed rock.

In Missouri they use chert because this material is even more satisfactory than crushed stone, and can be obtained from the lead mining districts practically for the cost of freight. It is the by-product in lead mining and there are vast piles of it to be seen all through the mining districts. Mr. Rodgers also mentioned some asphalt paving inspected in St. Louis and said the engineer there preferred asphalt. There is a good deal of cedar block paving in St. Louis. It is considered

ed the most expensive of all and is very slippery in wet weather. It is the most expensive along streets traversed by railways, as the jar of passing street cars seems to loosen the blocks and they quite frequently sink in such a way that replacement work is necessary. Carl Weber who accompanied the Jacksonville party to Springfield was present at this meeting and also gave favorable report of his impressions of tarvia as a re-topping material. The company which produces tarvia does not do construction work but simply sells the material to construction firms.

SPECIAL BARGAIN.
We are offering suits to your measure at greatly reduced prices for thirty days.
MUELLHAUSEN BROS.,
Tailors,
215 South Sandy Street.

WITH THE SICK.

J. A. Obermeyer will be taken to Our Saviors hospital this morning. Mr. Obermeyer has been feeling badly for some time. It is thought that he will have to submit to a surgical operation.

Mrs. H. A. Traubinger is reported ill at her home in Franklin. It is thought she is suffering from typhoid fever. She is a daughter of Richard Hocking of this city.

E. O. Mayer, who has not been so well for several days on account of a backset, is now getting better and expects in a short time to make a visit to his old home in Higginsville, Mo., which he had originally planned.

BIDS FOR SCHOOL SUPPLIES.
Sealed bids for furnishing school and janitors' supplies and chemicals in accordance with lists on file in the office of the clerk will be received until noon Saturday, July 31. The board reserves the right to reject any or all bids.

MADE HIGHEST GRADE.
Some time since fourteen persons passed the state civil service examination for teacher of the deaf and the grades varied from 70.44 to 84.29. The highest grade was made by Miss Marion D. Taylor, 929 Grove Street, this city, and her record is said to have been the best made in the series of examinations the board has held. The examinations given are difficult and of wide scope. Miss Taylor has taught the past year at Beverly, Mass.

GIANTS VS. STARS.
The Giants and Stars have announced a game of baseball this afternoon at 1:30 near the Wabash railroad.

MISSIONARY VISITORS WILL COME TO JACKSONVILLE.

Dr. and Mrs. H. N. Kinnear Will be Guests of Congregational Church People—Have Done Great Work in China.

Dr. and Mrs. H. N. Kinnear, of Foochow, China, are expected here tomorrow to be the guests of the Congregational church and to be entertained at the residence of Dr. Carl E. Black while in the city for two days. The church will give them an especial reception in a lawn fête or something of the kind owing to weather and conditions.

Mrs. Kinnear is a professional nurse and has had many years' experience in the work and ably second the work of her husband. Dr. Kinnear is an unusually able man in every way. During the last year of his service in Foochow before coming to this country on a furlough he gave 35,000 treatments. He treats all manner of bodily ills, performs all kinds of major and minor surgical operations, removes cataracts from the eyes of his patients and does much to relieve suffering humanity.

He has devoted much of his furlough to study in various medical institutions in order to keep well abreast of the times. He has a very interesting family. One son is in the navy and one daughter is a teacher in Louisiana. At the home for children of Missionaries in Oberlin, Ohio, he has one daughter, a peculiarly talented young lady, pursuing her studies in the university there, and two fine young sons in the high school.

After rearing such a family as this Dr. and Mrs. Kinnear will go back alone to their work making such a sacrifice as only those who have done the like can realize. It is at Foochow that Mr. Christian, a missionary pastor of this city, is located. The visit of the Kinnears is anticipated with great pleasure.

SPECIAL SALE.
Leave your measure for a suit at reduced prices. A complete stock to select from at
MUELLHAUSEN BROS.,
215 South Sandy Street.

REAL ESTATE TRANSFERS.

Three houses in the same vicinity have been purchased for \$6500 by Mrs. George E. Doying and her sister, Miss Lydia Barrette.

FOR SALE—Binder, one 8 ft. x 11 ft. Milwaukee binder. Cheap, good as new and in perfect condition. Address James Guinane, Champaign, Ill. 7-13-2

WILLIAM BARR BROWN IS CALLED BY DEATH

ANSWERS FINAL SUMMONS AT 7:30 MONDAY NIGHT.

Complications Followed an Operation for Appendicitis at Passavant Hospital—Prominently Known as Farmer and Cattle Feeder—Funeral Announcement Later.

William Barr Brown, prominently known throughout this section of the state as a farmer and cattle feeder, died Monday evening at 7:30 o'clock at Passavant hospital. Mr. Brown became ill Tuesday night and Thursday evening was removed from his residence, 1109 West State street, to the hospital where on Friday morning it was deemed advisable to operate for appendicitis. Saturday he appeared to be getting along satisfactory but on Sunday took a change for the worse, when complications set in, and he gradually grew worse until the end came.

Mr. Brown realized that he could not live and was conscious until an hour before he died. His death was a happy one, and he manifested in the closing hour of his life a cheerfulness, composure, and resignation seldom witnessed. He talked to members of his family one by one, and left with them a parting message of love and hope. His passing away was with a smile on his face and like one going to sleep.

Mr. Brown was the son of Dr. Lloyd W. and Rebekah Warfield Brown and he was born in Lexington, Ky., Sept. 27, 1860. The family on moving from Kentucky settled at Lost Grove, 3 1-2 miles east of Island Grove, which has always been known as the Brown homestead, where William Barr Brown, Jr. now resides.

He received his education in the public schools of that community and when his parents moved to Jacksonville in 1871 he entered Whipple Academy. He completed the course there and in 1881 he received his degree of A. B. from Illinois college, being a class member of Hon. William J. Bryan. He was a member of Phi Alpha society.

He married Miss Fannie E. McCoy, a daughter of William D. McCoy, Nov. 8, 1882. To this union four children were born, who, with the widow, survive, as follows: William Barr Brown, Jr., of Island Grove, Mrs. George Conover of Springfield, Mrs. George Orear and Lloyd W. Brown, both of Jacksonville. He also leaves one brother, Edward W. Brown, of this city.

Mr. and Mrs. Brown lived at the old homestead from 1882 till 1896, when the family went to Manzanola, Colo., where they lived for eight years. They returned to Jacksonville in October, 1904, and moved to their present home on West State street some ten years ago. Mr. Brown was a general farmer and cattle feeder in business with his father and brother, and after the death of the father the brothers continued the partnership. Mr. Brown was a man well posted on topics of farm interest and had made a marked success in his business affairs. He was a man unostentatious in whatever he did, and was reserved in manner. He was a great lover of literature and found ample time to read from his favorite writers. He was of kind heart and always ready to contribute toward every worthy cause.

From childhood he had been a member of the Methodist Episcopal church and at the time of his death was a trustee of Grace M. E. church. Five years ago Mr. Brown retired from active business, although he still took a great interest in land and stock enterprises. Funeral arrangements will be announced later.

HAD PICNIC AT PARK.

The S. B. club of Centenary Sunday school enjoyed a picnic at Nichols park Monday evening. The club, with their teacher, went to the park in the afternoon, taking with them well filled baskets. At supper time an excellent repast was enjoyed and the time was spent with games of various kinds. Those present were: Mrs. Claude Vail, chaperone, and Misses Catherine and Ruth Rapp, Gladys and Ina Ferreira, Mildred Cusick, Frances Claus, Marcelle Cowgour, Nellie Green, Ruth Fenstermaker, Bernice Dodsforth, Nellie Priest, Emma Alquist.

HAD EYE INJURED.

Walter S. Barber suffered a painful injury to his right eye Monday morning from a bullet from an air rifle. The accident happened at the Wabash railroad crossing on North Prairie street. Barber says he was waiting for a freight train to pass when a boy stepped up and shot a bullet from an air rifle against one of the cars. The bullet bounced back and struck him in the eye making a painful injury. He charges that Willard Leidy did the shooting.

MAKING GOOD PROGRESS.

Notwithstanding the heavy roads the Tomlinson party of autoists has made good progress. Saturday morning they drove 115 miles reaching South Bend, Ind., at noon and had a 100 mile stretch to Holland, Mich., planned for the afternoon.

CARD OF THANKS.

We wish to thank our many friends and neighbors for their kindness rendered us during the sickness and death of our daughter, Vivian Margaret, and also for the many pretty flowers.

Mr. and Mrs. R. G. Stacy.

VISITING RELATIVES HERE.

Harry Hildreth and family of East St. Louis are here for a visit with his parents, Mr. and Mrs. M. L. Hildreth, and with his sister, Mrs. Roy Mawson, west of Jacksonville.
